Dear CPA Branch and Regional Secretaries

**Re: Commonwealth Parliamentary Association (CPA): *The Parliamentarian* 2016: Issues Three and Four**

I am writing to you regarding the quarterly journal of the Commonwealth Parliamentary Association, *The Parliamentarian* and to invite your Members to contribute to the forthcoming issues of this publication.

*Do you have a Member of your Parliament or Legislature who would like to contribute an article to The Parliamentarian that will reach Commonwealth Parliamentarians and Parliamentary staff across the CPA network?*

If any of your Members of Parliament are interested in contributing an article to future issues the copy deadlines and themes for upcoming issues are:

- ***The Parliamentarian* 2016 Issue Three** - Themes of Brexit/Commonwealth Trade - copy deadline **Monday 19 September 2016**
- ***The Parliamentarian* 2016 Issue Four** - Themes of Youth/Inclusive Commonwealth - copy deadline **Monday 7 November 2016**

The themes are a guide only and if there are other issues or themes on which a Member wishes to contribute then all contributions are welcome. If your Members have an alternative topic on which they would like to submit an article then do please also let me know. Articles need to be between 1,500 and 2,500 words and be accompanied by the contributor's brief biography and a high resolution portrait image of the Member.

For publication in 2016: Issue Three of *The Parliamentarian*, the completed article, along with the contributor's brief biography and a portrait image, would need to be sent as an attachment to [jh@cpahq.org](mailto:jh@cpahq.org) by **Monday 19 September 2016**

[Click here](#) to see recent issues of *The Parliamentarian*.

The latest issue of *The Parliamentarian* 2016: Issue Two has just been published and printed copies are to be distributed shortly.

I very much hope your Branch will be able to contribute an article and if you have any questions about the publication then please do contact me.

Yours sincerely,

**Jeffrey Hyland**
